

HOUSE TO BE MOVED FROM

Address: _____ Key Map #: _____

Sewer Disconnect Project Number: _____

HOUSE DIMENSIONS

Width*: _____ Length: _____ Height Loaded: _____

** Measurements shall include eave projections.*

ROUTE INFORMATION

Route destination shall be clear and precise. Please designate route to include, but not limited to terms indicating left, right, north, south, east, west, reverse, wrong way, etc. If you require additional space to list route information, please attach information on an additional sheet.

Route: _____

Note: Approval from the Parks & Recreation, Forestry Section is required before any house or section thereof can be moved. Deed restrictions shall not be violated, and suitable drawings and specifications will be required in duplicate, along with a plot plan, and submitted to the Plan Review Section for approval. House Movers Completion Notice shall be submitted within 24 (twenty-four) hours of house move per Article III, Div. 1, Sec. 10-74.

New Requirement: It shall be the responsibility of the permittee to obtain approvals from all entities involved and to clear all overhead obstructions. All entities involved shall be notified in advance of the route proposed for the house move. The notification of entities shall include but are not limited to Metro or any utility in which the house will pass under.

A fee of \$ 127.56 (\$94.00 + \$33.56 admin fee) is charged for any/all requests for address changes to this project once the project number is generated.
