

Notes:

- Demolished materials shall be disposed of properly.
- Backfill the pool cavity with new material to match existing grade.
- Fill material and compaction method shall comply with Appendix J of the City of Houston Building Code.
- A site inspection is required prior to back-filling the pool area.
- Mitigation may be required when adding fill to the flood plain.
- For more information see Form CE_1090
- An as-built site plan indicating the specific location of demolished pool and permanent reference benchmark is required.
